

Exercise 4

Purpose

The purpose of this exercise is to allow trainees to practice reviewing an IAP and identifying the information pertinent to their operations. Students will review the Central City Disturbance IAP and answer questions regarding the IAP. The instructor will discuss and provide feedback for any pertinent elements to ensure that the trainees collectively comprehend the answer/explanation to each of the questions.

Objectives

Students will:

- Demonstrate their ability to identify pertinent information in an IAP.

Exercise Structure

This exercise is scheduled to last approximately 60 minutes, including small group discussion and presentation of group findings. In their groups, participants will be assigned a Division or Group from the Central City Civil Disturbance IAP and review the IAP. Participants will then answer questions about the IAP in their groups and report their answers to the instructor.

Rules, Roles, and Responsibilities

Following are the specific activities / instructions for your participation in the exercise:

1. Instructors will assign work groups to one of the following Divisions/Groups from the Central City Civil Disturbance IAP:
 - Branch I: Division Alpha (A);
 - Branch I: Division Bravo (B);
 - Branch I: Perimeter Group;
 - Branch II: Division Lima (L);
 - Branch II: Division Mike (M);
 - Branch II: Access Group; or
 - HAZMAT Group.
2. Within your work group, select a group spokesperson.
3. Review the Central City Civil Disturbance IAP. The IAP is Handout 5-4 in the course materials.
4. Upon completion of your review, answer the questions on the next page with your group members.
5. After 20 minutes of IAP review and discussion, the instructor will begin calling on group spokespersons for answers to the questions.

Facilitators moderate discussions, answer questions, and provide additional information as required.

NOTE FOR INSTRUCTORS: Some of the following questions may not pertain to or be answerable based on the content in the IAP. These “trick” questions have been included to generate discussion during the exercise debrief. Ask the students for their thought processes when attempting to answer these questions. Ask them to identify instances in which such information would be provided and where it would be provided in the IAP.

Schedule

Activity	Duration	Participation Type
Exercise Introduction and Overview	2 minutes	Classroom
Discussion / Documentation	20 minutes	Small Groups
Debrief / Review	40 minutes	Classroom

Review the Central City Civil Disturbance IAP (Handout 5-4) and answers the questions below.

What are the incident objectives?

What is the weather forecast?

How do I get to my work assignment?

What are my assigned resources and are they here? *Instructor note: This question is Division/Group specific; expect varying answers from the different work groups.*

What are my work assignments? *Instructor note: This question is Division/Group specific; expect varying answers from the different work groups.*

What are the safety ramifications of what I am asked to do, and are there mitigations I need to put in place?

What radio frequencies are assigned, both command and tactical? *Instructor note: This question is Division/Group specific; expect varying answers from the different work groups.*

What are the general safety issues incident-wide?

What are the procedures that need to take place if there is an injury on my Division/Group?

What do I need to do for air support?

Do my resources have any special logistical needs, and what am I allowed to do without consulting the OSC?

What are the Divisions and Groups doing around me? *Instructor note: This question is Division/Group specific to a degree; expect varying answers from the different work groups.*

Any special expectations of me from the OSC?

Exercise 5

Purpose

The purpose of Exercise 5 is to give trainees the opportunity to conduct a simulated Division/Group Resource Briefing. The instructor will first use an IAP to demonstrate a Division/Group Resource Briefing. Following this demonstration, trainees will utilize different Forms 204 from another IAP to practice giving the briefing.

Objectives

Students will:

- Demonstrate their ability to identify pertinent information in an IAP
- Develop an agenda and talking points for a Resource Briefing
- Deliver a Resource Briefing

Exercise Structure

This exercise is scheduled to last approximately 1 hour 15 minutes, including small group discussions and presentations of group findings. After receiving a simulated Resource Briefing from the instructor, participants will develop agendas and talking points for their own Resource Briefings based on ICS Forms 204 for the Central City Train Derailment IAP (Handout 5-5). A spokesperson from the group will then deliver the briefing to the class.

Rules, Roles, and Responsibilities

Following are the specific activities/instructions for your participation in the exercise:

1. The instructor will demonstrate how to deliver a Division/Group Resource Briefing by preparing and delivering a briefing based on one of the seven Division/Group assignments in the Central City Civil Disturbance IAP (Handout 5-4).
2. The instructor will then assign each group to one of the ICS Forms 204 for the five Groups in the Central City Train Derailment IAP (Handout 5-5).
3. Within your work group, select a group spokesperson to act as the DIVS, preferably a group member that has not yet acted as spokesperson.
4. Using Handout 5-2: Division/Group Briefing Topics and the briefing the instructor gave for guidance, develop (as a group) an agenda and talking points for a Resource Briefing.
5. The spokesperson will then deliver the Resource Briefing to the class.

Facilitators moderate discussions, answer questions, and provide additional information as required.

- ☐ Be ready for your next shift.

DIVISION/GROUP RESOURCE BRIEFING TOPICS

3 General Areas

1. General
2. Safety
3. Operations

General Topics

- What are the incident objectives?
 - ICS 202 (IAP)
- What are the Division/Group priorities?
 - ICS 204 (IAP)
- What are the Division/Group assignments?
 - ICS 204 (IAP)

Safety

- Obtain from direct reports their:
 - State-of-readiness of crews
 - Fatigue levels
 - Experience levels
 - Equipment
 - Physical conditions
 - Etc.
- All proper personal protective equipment (PPE) for type of incident
- The personnel accountability system that is used
- Emergency communication procedures
 - How to order incident related medical help
 - Who do you notify of incident related injuries or accidents
- Review state of weather and forecast
- Travel to drop points or meeting places
- Discuss the expected shift and any rest requirements that may be needed
 - Operational Periods vary by hazard
 - Are usually 12 hours
 - While Operational Periods can be 24 hours long, it's usually only for a good reason
 - For example, Operational Periods may be 24 hours if the travel time to the incident response site is significant.
 - For every 2 hours of work, you should get one hour of rest

Operations

- Review your expectations of Division/Group resources
- Define Control
 - Measure of assigned task vs. progress
 - Provide Periodic updates of progress
 - Set time frames when reports are needed, min/hr.
- Identify significant events
 - ICS 214
 - Identify Injuries/illnesses, accidents and property damage
- Resources
 - Additional needs
 - E.g., engines, tech specs
 - Air
 - E.g., authority and procedure
 - Medical
 - Assign resources to handle Division/Group medical emergencies
 - Excess resources
 - Reassign excess resources
 - Out-of-service equipment
- Ensure that everyone knows of any:
 - Specific hazard concerns
 - E.g., environmental, structural, etc.
 - Agency specific concerns
 - Economic, political, etc.
- Logistics
 - Authority and procedures for supplies
 - Accountability
- Finance
 - Shift tickets and time reports
 - Identify location of rental equipment on division
- End-of-Shift procedures
 - When to leave Division/Group work site
 - Documentation requirements of assigned resources

Use of Force

Officers shall use or allow to be used, only that amount of force reasonable and necessary to accomplish the mission. Authorization for use of force for “target specific” purposes will be dictated by Central City Police Department Use of Force Policy & Procedure. Squad, Team, and Platoon Leaders shall closely monitor the use of force by their members.

Prior to the deployment of any specialty weapons, the Incident Commander shall be contacted and provided with an update and assessment of the situation. The Incident Commander’s authorization shall be required prior to deployment of specialty munitions. Once authorized by the Incident Commander, particular deployment of target specific specialty and chemical munitions (i.e. pepperball) by any Team shall require prior authorization by the Operations Section Chief. The deployment of non-target specific specialty munitions (i.e. stinger balls) shall require authorization by the Operations Section Chief. The deployment of chemical munitions for other than target specific purposes will require prior authorization from the Operations Section Chief who, if practicable, will first consult with the Incident Commander. A Technical Specialist shall be available to commanders for consultation with regard to the use of chemical or specialty munitions.
