

## Crescent City Objectives Rockland County I300

1-Safety: Follow established protocols and standard operating procedures to contain incident and ensure safety of responders. All responders in hot zone will use proper PPE. All responders will limit their exposure to the hot zone. Upon leaving the hot zone all responders will report to decon site for clearance. Same will be completed at the end of working shift.

2-Geographic Confines: In Division A confine fire to current train cars, contain spill east of Soldiers Home Road, south of Upper River Road, west of Crescent River and north of Sycamore Street. In Division B evacuate west of 7<sup>th</sup> St by 0945 hours.

3-Major Action: Evacuate residents and businesses west of 7<sup>th</sup> St. from city limits (south), East River Road (north) and Sycamore St. by 1000 hours; extinguish fire and contain the hazmat spill by preventing spread into the Crescent River.

4-Natural/Cultural/Economic: Confine Spill to Wilson Creek, contamination of surface and ground water, economic impact of railroad (reroute essentials, federal assistance to closed businesses in City).
